

Institutional Distinctiveness

Context: Research Facilities and Contribution by Stakeholders

Mr. Prashant Jadhav, student of M.Sc. I has received College corpus as financial assistance to file the patent on 'Mechanical lead pencil, give the previous information about the end of lead by using of color pigment.

Three faculties were allotted Rs. 10,000/- each, as financial assistance for their minor research projects. Extension for two more faculties were allotted for additional grants from College research corpus.

Fifty two international and national publications in the credit of faculties from our College.

Dr. Sontakke, Dr. Dadas A. N. and Dr. Lokhande N. D. have contributed in text book writing and its publication.

Participation of 44 and 30 students in Rayat Inspire Camp for High school and Junior College students respectively. It was organized by Dahiwadi College Dahiwadi in collaboration with Rayat Shikshan Sanstha, Satara.

Participation of 84 projects in College level 'Avishkar Competition'. Six students and six teachers has participated in 'Central Avishkar Competition'. In the Post graduation category, six students and six teachers presented their projects.

Participation of 140 students for 70 working models at college level research model competition.

Project based learning activity has participation of 80 students for 40 projects, 60 students participated for PD 3 and PD 4 research activities.

Dept. of Chemistry, Dahiwadi College Dahiwadi in collaboration with S.M. Joshi College, Hadapsar (Pune) has organized International Conference.

Dept.of Botany has organized one day workshop on Recent Trends in Biotechnology and Dept. of Zoology has organized state level workshop.

Research committee and IQAC has organized state level workshop on 'Research methodology'.

Organization of one day state level workshops on NIRF, IPR and e content.

‘Over seas Career Opportunities’ workshop was organized by IQAC and Dept. of Chemistry.

Evidence of Success:

Mr. N.B. Mane and **Mr. V.V.Kamble** has **submitted** their **Ph. D.** thesis to Shivaji University Kolhapur, who worked in our recognized research laboratory, affiliated to Shivaji University Kolhapur.

Mr. Prashant Jadhav has filed the patent on ‘Mechanical lead pencil, give the previous information about the end of lead by using of color pigment.

Three students were qualified for Prin. P. G. Patil and Sumatibai Patil scholarship.

Five hundred forty five research based wall papers were presented by students of B. Sc. I, II, III and M. Sc. Course on different occasions through out year.

In Rayat Science Conference in various categories seven prizes were achieved and on student got award for ‘Best idea’.
